## FROM THE RABBI

### Lungs of the Planet

The Amazon Rainforest is burning and the whole world is on fire; outraged by the loss of oxygen that is being caused on this planet.

The Baal Shem Tov, founder of the Chassidic movement, taught us that everything that happens has a message for us.

The Torah is the spiritual oxygen of the world and a compass for morality. Every society that lives by its laws, is a moral and giving society.

While the world is fighting for the limited physical oxygen, Judaism is offering an unlimited amount of spiritual oxygen.

Let's take a deep breath!

- **Rabbi Zushe Greenberg**
