FROM THE RABBI

The Jewish March of Dimes

In 1938, President Roosevelt launched a campaign to raise funds for research for a vaccine to eradicate the Polio disease. He called on American children to each contribute a dime and the response was overwhelming and later was coined, the March of Dimes.

We have our own March of Dimes, the charity box. Jewish people in Europe made the Tzedaka Box a household fixture; set next to the candlesticks, Kiddush cup and Chanukah Menorah.

Just as the March of Dimes helped bring about a polio vaccine, so too our Mitzvah of dropping coins into the charity box every day, will increase our merit that with G-d's help, the covid vaccine will be effective in eradicating the pandemic.

HEBREW SCHOOL

Our students that come in person, as well as those that join in on Zoom, are all busy getting ready for Chanukah. Every child created a Menorah from scratch and learned how to do the Mitzvah of lighting it correctly. We are continuing to practice the Menorah blessings, and learning the original story of Chanukah.
