## FROM THE RABBI

### DNA vs. mRNA

The FDA just approved the Johnson & Johnson Covid vaccine. What is unique about this vaccine is that it uses the traditional vaccination method – injecting a minute amount of the virus into the body to fight the disease.

This concept is exactly how Chassidic philosophy views the world. The goal is to turn every negative force in the world into a positive one. The virus itself is used as the cure. We are not fighting darkness; we turn the darkness into light.

When a challenge confronts a person, the lesson is not to surrender and not even to fight. Just mobilize it to your advantage.

- **Rabbi Zushe Greenberg**

# PRESCHOOL

## Holidays

**Purim** gave us our first In Person performance and the children were delightful. It was so nice seeing everyone and sharing in the holiday joy together.

Our **Passover** events will follow the same protocols with one class at a time, socially distanced in the sanctuary, with masks required and open windows.

**Save the Date for Friday, March 19th.**

# HEBREW SCHOOL

**Purim** was celebrated with costumes, hamantash baking, Megillah reading and a wacky game!

Now we are diving head first into **Passover** preparations. We watched a fun acapella version of Ma Nishtana to help learn the song, and every class will have the opportunity to decorate a glass dish to be used at the Seder.

Parents of grades K & 1 are invited for an in-person performance and activity with their children. Chairs will be set up in pods and masks are required.

**Save the Date for Sunday, March 14th.**
