FROM THE RABBI

AI and Purim

Artificial intelligence is changing the world so quickly that no one really knows what careers will look like in the future, or even what our children should study.

But one thing is certain: Jewish holidays and mitzvot will always belong to people, not machines. A robot cannot enjoy the Purim meal, give Shalach Manos, or fulfill the mitzvah of hearing the Megillah.

A mitzvah must be done by a human being. Even in the world of AI, Jewish children will be swinging the gragger at Haman's name.

- Rabbi Zushe Greenberg

We are very excited for our annual Purim carnival, which will be during Hebrew School on **Sun, March 1st!**

The older students have the opportunity to be leaders and run the booths for the younger grades. Make sure to come in costume!

Shabbat @ Home

Each student created a Shabbat box with candles, grape juice, challah dough, decorations, and desserts to set up their own Shabbat table for Friday night. We received over 75 beautiful photos of their completed Shabbat tables!
